

## EASIER TO FIND US!

Our MAH drop-off locations now have new banners to make them easier to identify!

When you're bringing donations, just look for the banner and you'll know you're in the right place.

Thank you for continuing to show up for our neighbors.

Your generosity makes all the difference.

### 2025 MAH IMPACT REPORT

Serving Delaware since 2021

Community Powered... Impact that Changes Lives

## MAH IMPACT REPORT for 2025

Every neighbor helped, every meal served, every life touched—see how your support changed our community this year.

This is more than a report... it's a story of hope.

Last year, YOU helped us:

- 22,221 meals served
- 555 neighbors supported
- 601 requests fulfilled.

That's not just numbers — that's real people helped. Faces regaining dignity. Families finding support. Neighbors experiencing compassion. Together, we're turning hardship into hope.

8 more adult bikes found their way into the hands of neighbors who needed reliable transportation for work and everyday life.

Through our Second Wind Bicycles program, each of these bikes were generously donated by our community and carefully refurbished, giving them new life and creating new opportunities for those in our community who are navigating life without a vehicle.

This is what community looks like. People helping people move forward. We also want to remind everyone that we have refurbished children's bikes available.

If your family is in need of transportation or you're hoping to give your children the simple joy and freedom of riding a bike but are facing financial challenges, please send us a private message.

## A SIMPLE WAY TO MAKE A BIG IMPACT

The heat is coming... and for some of our neighbors, there's no escaping it.

No front door to walk into.  
No air conditioning to cool down.  
Nowhere to escape the mosquitoes when they come out at night. Just the sun... and the long days ahead.

Right now, we have a window, a chance to get ahead of the need instead of reacting when it's too late. As you're walking through Walmart or any store... pause for a moment. Look around.

Our In Kind Donations team knows the requests will come in soon.

Are there:

- \* Fans on sale?
- \* Sunscreen marked down?
- \* Bug spray discounted?
- \* Hats, cooling towels, or lightweight clothing in clearance bins?

That's your moment.

Milford Advocacy is seeking a donated heated garage or warehouse space this winter to repair bikes for children and adult who rely on them for work.

Even temporary use- or just the second Saturday of each month, 8 am to noon - would make a difference.

If you can help, please message us.

## A WARM MEAL, A WARMER WELCOME

Imagine going through the day unsure of where your next meal will come from. For many of our neighbors, especially a working neighbor, who misses the hours of the local drop-in center, this is the reality. That's why we're calling for a soup kitchen in **Milford on Saturdays, from 5:00 PM to 6:00 PM in the fellowship hall of a local church.**

A simple meal served with kindness can be a lifeline. It's more than food; it's hope, connection, and dignity. Together, we can make this happen. If you can help with time, food, or resources, please reach out. Let's ensure no one in Milford goes hungry.

## THANK YOU TO OUR VOLUNTEERS!

What an incredible Friday night! Thank you to everyone who came out, had fun, and helped us Stuff the Bus as we prepared for Helping Hands Community Event in Dover. Because of the amazing support and teamwork, everything came together so quickly. We were finished in just 30 minutes! Your willingness to show up, lend a hand, and share in the moment truly makes a difference. Together, we continue to serve with compassion, dignity, and heart. We are so grateful for each of you

## FILL A CART, FEED A NEIGHBOR

What a truly amazing day at Redner's Markets on Saturday, March 21st! We are grateful to our Redner's team for partnering with us to help feed our neighbors in need.

Thank you also to our incredible volunteers and generous neighbors, we received 802 items (plus lunch meat and plenty of American cheese!). We even counted 20 cases of water—that's a lot of refreshment for our neighbors!

Our volunteers were on the front lines, handing out grocery lists and spreading encouragement, while \$385 in donations was collected through our Zeffy link and during the event to go straight to purchasing protein and essential items through Redner's At Cost program.

This event was a huge success, but the mission continues!

Stay tuned! Our next Fill A Cart, Feed A Neighbor event is on June 12th at Redner's Milford. Come be part of the joy of giving and help us make a real difference in our community!
